### **Hisco Receives Henkel Industrial Distributor Award for Houston**

HOUSTON—March 22, 2018— Hisco Inc., an employee-owned, specialty distribution company, has received an Industrial Distributor of the Year Award for its dedication and strong partnership with Henkel in promoting Loctite branded products in Houston.

Loctite representative George Nelson presented the award to the Houston sales team at Hisco's headquarters Feb. 12.

"It is an incredible achievement to be selected among the best distributors," said Tommy O'Connor, Hisco vice president and zone manager. "Our efforts in Houston have produced year-over-year sales growth of 24 percent; we're honored and excited to play a part in the practical solutions that drive results in a challenging Houston market."

For more than 45 years, Hisco has delivered value to customers through quality products, process solutions and local inventory. Today, the international branch network includes 38 stocking locations in three countries: the United States, HiscoMex in Mexico and HiscoCan in Canada. Hisco's Precision Converting facilities provide value-added fabrication, and its Adhesive Materials Group provides an array of custom repackaging. Hisco also offers vendor-managed inventory programs and specialized warehousing for chemical management, logistics services and cold storage. Hisco's exclusive Documented Cost Savings (DCS) program has saved customers more than \$125 million to date. Its supplier base includes manufacturing giants Henkel, Alpha and 3M, to name a few. For more information, visit [www.hisco.com](http://www.hisco.com).
